## The News in Brief

**3-D TO ALBANY**—The Albany Theatre is making technical alterations for showing of the 3-D movie "House of Wax" starting July 1. This spectacular picture viewed with polaroid glasses is considered the most sensational change in motion pictures since the introduction of sound. Mgr. Bill Garren says the showing will require two different synchronized film runs by two projectionists in the booth. Currently showing on the local screen is Walt Disney's "Peter Pan," a picture that has equalled his first great success, "Snow White."

**FISH STORY**—Call it beginning of luck or just plain skill, but councilman Jerome Blank today is credited with landing the tradition- "big fish that didn't get away." It was a 15-pound striped bass hooked Wednesday evening while fishing near the Carquinez Bridge. It was his first adventure in fishing for bass.

**HOBBY SHOW**—Diane Peterson, Albany High School student, is serving as one of the special hostesses for the 8th Annual Flower and Hobby Show being held through Saturday at the Hotel Claremont in Berkeley. Sponsored by the Berkeley Junior Chamber of Commerce, the exhibition is open to the public from 10 a.m. to 10 p.m. There is no admission charge.

**NEW STUDIO**—H. V. Hildebrand, well known Albany photographer for many years, has opened a portrait studio at 1317 San Pablo St., near Gilman St. An opening for portraits is being offered for a limited time only.

**TO EUROPE**—Mr. and Mrs. Robert Green and daughter, Shirley, flew to New York last week where they were scheduled to em-son for England and Europe. They will visit with relatives in England and tour other points of interest. Mrs. Green is the daughter of Mrs. Frances Givens, 841 Madison St.

## Adult Education Center Opens Summer Term July 6

The Albany Adult Education Center today announced plans for an eight weeks' summer session, running from July 6 through August 29. A large number of day and evening classes will be offered to adults and to students of both public and private schools.

The Albany Board of Education, in continuing a policy established four years ago, has authorized the admission of students from grades 7 through 12 in a majority of the classes for adults scheduled for the summer session of the Albany Adult Education Center. Classes to which they will be admitted are those that are being conducted for adults, and no classes will be established and maintained exclusively for young students.

Young students will be admitted to classes in applied arts, bookkeeping, braided rug making, creative art (drawing and painting), dressmaking, knitting, machine calculation, millinery, pottery and mold making, shorthand, and typing. The opening of adult classes to the enrollment of young students has several purposes. It gives them an opportunity to make constructive use of their leisure time during the summer vacation; it makes possible a study of certain subjects they might not be offered in the regular day school that they are attending; and, finally, they will have an opportunity to develop interests in constructive fields they might not otherwise develop.

The following courses will be offered to residents of Albany, and neighboring cities, during the summer program of the Adult Center:

**Day classes**—Braided rug making, dressmaking and tailoring, furniture making and refinishing, infant guidance, knitting, millinery, pottery and mold making, and upholstery.

**Evening classes**—Applied arts (copper work, china painting, Dresden craft, elementary pottery, shell craft and ceramics lace work), bookkeeping, citizenship, creative art, dressmaking and tailoring, English for the foreign born, furniture making and refinishing, knitting, machine calculation, millinery, pottery and mold making, shorthand, swimming, typing, and upholstery.

**Elementary and high school students** will pay no registration fee for classes to which they will be admitted during the summer. They will, however, be responsible for providing their own supplies. Adults enrolling will be charged a \$1.00 registration fee which will cover enrollment in any course at the Adult Center for the 8 weeks of the Summer Session.

"The Evening Star," which carries a complete class schedule and description of all classes, will be distributed in Albany and areas immediately adjacent to Albany on or before Monday, July 6. A copy of this schedule will be mailed to any interested person in neighboring communities on request. Call LA. 6-6441.

**EN ROUTE TO US**—First Lt. Robert E. Wickman, son of Mr. and Mrs. L. A. Wickman of 1043 Santa Fe Ave. is en route to the U.S. from Germany for reassignment with the 6th Infantry Division at Ft. Ord, Calif. Lt. Wickman, whose wife and two children lived with him in Germany, will attend an advanced training course at the infantry school at Ft. Benning in July before reporting here.

## Folk Dance Fete Added to Albany July 4 Festival

Plans are rapidly being completed today for a gala folk dance festival to be held at Albany High School Auditorium in conjunction with Albany's annual "safe and sane" Fourth of July parade and celebration.

The dance festival, sponsored by the Albany Recreation Department and hosted by the Junior Folk Dance Guild, will be an outstanding event for both dancers and spectators alike.

In addition to the regular program of folk dancing and American squares, many groups will exhibit interesting folk dances of many nations.

The Guild is working on the Austrian-Bavarian "Steirger" as their exhibition, "The Square Wheelers," a group of handicapped dancers, will perform in their wheel chairs. A group from Walnut Creek under direction of Reva Ward of El Cerrito will exhibit a beautiful Italian group dance. Dan McDonald, who will call squares for the event will bring the Jewish group from San Francisco, performing "A Medley of Israel Folk Dances."

Dave Boyce is chairman of the festival, and will be assisted by Dan McDonald and Larry Getchell, who will serve as masters of ceremonies for the afternoon.

Earlier in the day the Junior Guild will take part in the parade with folk dancing in line of march, decorated automobiles and beautiful costumes. Tom MacMillan, a member of the Guild, is parade chairman and will assist in the afternoon program.

Services were conducted from the Ellis-Olson Mortuary with the Rev. Donald Getty of Epworth Methodist Church officiating. Committal followed at Berkeley Crematory.

**Albany SOROPTIMIST News**

The Albany Soroptimist Club seated new officers at a luncheon meeting Wednesday at the Berkeley Women's City Club.

Taking over the president's post for the coming year is Miss Miriam Gilsenan, dean of girls at Albany High School. She succeeds Mrs. Ruby Kampe.

Other officers installed included the Mesdames Sally Nelson, vice-president; Gertrude Filicetti, recording secretary; June McMahon, corresponding secretary; Grace Higgins, financial secretary, and Irene Glasson, treasurer.

Directors are Mrs. Kampe, Bernice Boyd and Dorothy Simmons. Delegates are Kathryn Etingoff, one year, and May Olson, two-year.

Clare McGaw was the installing officer, with May Olson as escort. Musical portion of the program included piano selections by Lee Ann Stallone, and vocal numbers by Sharon Lee McFarland, accompanied by Helen Jantzen.

## City to Clamp Down On Youth Vandalism

### Three-Point Program Mapped

The Albany City Council today is studying a three-point program to crack down on the growing problem of juvenile vandalism and hoodlumism in Albany.

Action came at the Monday night session after Superintendent of Parks Emmett Devine requested \$100 to repair shattered bathroom fixtures in Memorial Park.

Police reported that two toilet bowls had been smashed by vandals Sunday night, and other instances during the past three months where plumbing fixtures have been damaged and windows broken.

Councilman Jerome Blank listed three steps that the city "should take in view of present vandalism":

1. More diligent police work in parks, including foot patrols by uniformed officers, assisted possibly by auxiliary police.
2. Enforce the city's curfew law with particular attention given to parks.
3. Investigate the possibilities of strengthening present vandalism laws, and if possible, hold parents responsible for damage.

Albany's present 10 p.m. curfew law applies to all under 18 years, but does not affect those accompanied by parents or youngsters returning from night time movies or other functions.

The Council approved measures to direct the City Attorney to report on methods of strengthening the vandalism ordinance, requested the Chief of Police to consider the matter and make recommendations for a solution, and directed the superintendent of parks to recommend a possible relocation of the Memorial Park lavatory to a less secluded area where more careful surveillance could be maintained.

At an adjourned meeting Tuesday evening, the Council contracted with the Public Administration Service of San Francisco to make a survey of the Police Department.

The survey was approved 4-1 over the protests of Police Chief Stanley Williams who stated in a letter that the Council was "just trying to make a laughing stock of my department" and said he would not permit the survey unless "all other city departments are included."

Mrs. Zahn cast the negative vote. City Atty. Edward R. Plotner stated that "the fact that he—Williams—is an elected official does not make his department autonomous. He is still subject to the general supervision of the Council, which as the legislative body of the city has the implied power to investigate for the purpose of legislation."

THE EAST BAY United Crusade's "cabinet" has announced Oct. 6 as the "kick-off" date for the fall appeal. Local representatives on the area-wide cabinet, pictured with William H. Park, left, general campaign chairman, are Harold W. Olson, center, of Albany, and Fred Swan of Berkeley. Gazette

## Pre-School Mothers To Seat New Staff

The Albany Pre-School Mother's Club will install new officers at a joint dinner meeting of incoming and retiring staff members Wednesday evening at the El Nido Rancho in Lafayette.

Mrs. Alice Murrow is the new president, succeeding Mrs. May Lord.

Other new officers serving for the coming year include the Mesdames Margaret Tashin, vice-president; Edith Plumb, secretary; Miriam Eagleton, treasurer; Natalie Blake, hospitality; June Parker, ways and means; Helen Brown, publicity; Virginia Handlos and Muriel Blank, social; Marguerite Bresslin, repairs; Shirley Perry, auditor; Madeline Leimone, budget; Marion Wolf, building; Betty Koser, health; Margaret Sage and Elizabeth Tscharnner, council delegate.

## 16 Complete RC First Aid Course

Some 16 area residents today have successfully completed the standard first aid course instructed by Mrs. Isabel Brucklacher for Berkeley chapter, American Red Cross.

The class consisted of 24 hours of instruction at Albany High School and will include an additional four hours of civil defense first aid training at the Albany Civil Defense headquarters, 1045 Solano Ave.

Receiving certificates from Albany were John E. Wilkes and the Mesdames Grace Hutchinson, Francis Kerr, Ruth Minear, Alice Murrow, Sigrid Oakley, Alice Rogers, Lucy Sandetto and Louise Storck.

## Fireman Freddy Says

Children left without competent supervision have unwittingly caused many tragic fires because of their ignorance of the dangers of fire and their natural inquisitiveness.

## State Funds Boosted for City Schools

An increase in the State apportionment of school funds to the Albany Unified School District was reported by Dr. Paul C. Bryan, Superintendent of Schools, to the Board of Education at its meeting held on Tuesday evening, June 23. The increase of \$146,177 over that received last year represented, according to the Superintendent, an increase due in part to an increased enrollment in the elementary schools and partly to the financial benefits accruing from the passage of Proposition No. 2 last November.

Dr. Bryan's report pointed out the amount of State aid increased at both the elementary and high school levels but was decreased in the field of adult education. The adult education program, Dr. Bryan reported, will be adjusted to conform to new restrictions placed on it by the State Legislature. The major change in the Albany program is the elimination of all dancing classes. These classes had been conducted on the basis of providing basic instruction in both folk and social dancing. In the past, social dancing classes were terminated after those enrolled had had 72 hours instruction, and folk dancing classes when they had completed 96 hours. Beyond this basic instruction those interested continued their programs through organized clubs and not as part of the public school program. The recent State curtailment of adult education has removed all State aid from any type of instruction in dancing.

Dr. Bryan said the Albany Adult Education Center will continue to offer a balanced program of subjects leading to high school graduation. (Continued on page four)

## TV NEWS

By MILT BLANCHARD

Subscription television (or, pay-as-you see) for special events is still a hotly debated question, but here's an item on it. The Purdue University opinion panel sent postcards to 100,000 Chicago area TV viewers just before the Marciano-Walcott fight (which was blacked out in that area) asking if the recipient was a fight fan and if he would pay \$1 to see a championship fight at home on television.

Of that number, 79 per cent said they were fight fans and 76 per cent of these said they would pay to see the fight on their home television screens. Could that be a sign of things to come?

Speaking of things to come, we notice that John Crosby, the nationally syndicated television columnist, bears out our statements that color television is NOT just around the corner. It may be approved by Christmas (even that's not sure), but the color sets won't be in volume production until 1955. And even then, Crosby points out, color receivers will probably cost between \$750 and \$900. Just compare that cost with the price of a good black-and-white set today—even a quality set, like the new PHILCO TV. You'll be surprised how little Philco's trouble-free performance and beauty of style cost.

Stop in today and see the new models at SKIP'S RADIO & TELEVISION SERVICE, 1553 Solano Avenue. Phone Landscape 5-4313.

## Protective Plans

We are recommending two types of protection for providing prepaid funeral expenses. The first of these is through insurance, issued by a reserve life insurance company. This plan insures either the individual or the family, and is written up to the age of eighty years.

The second plan is a trustee account, where the funds for funeral expenses are deposited in a bank. In addition, we also provide forms for those who wish to put their wishes in writing, without making provisions for the cost of the funeral. We will welcome the opportunity to discuss these plans with anyone who is interested.

**Chief Warns of Law Banning Fireworks**

Albany Fire Chief Fred Pimental today issued a reminder to local residents that fireworks are outlawed in the city by ordinance.

"Already there have been some costly fires in the state that have been caused directly from the careless use of fireworks," the Chief said. "And for this reason parents should extend their greatest efforts in making sure their children do not have fireworks in their possession."

Pimental added that cap pistols are not included in the law.

"With the increased population in this area, fireworks have actually become a menace and this ordinance

is intended for the protection of life and property," the Chief explained.

The Chief added that "it is with this plea that I ask the citizens to cooperate with the Fire Department so that our observance of this nation's freedom on the Fourth of July will not be marred by the tragedy of fire or injury."

**FIRST BAPTIST CHURCH.**

Wendell Harder will speak at both the 11 a.m. and 7:30 p.m. services Sunday at the First Baptist Church, Solano and Pomona Aves. He will be assisted by the Chapel Choir and other vocal talent.

**Local Youngsters Plan Visit to County Fair**

A large group of boys and girls will have the opportunity to visit the Alameda County Fair at Pleasanton on "Recreation Day" next Monday under supervision of the Albany recreation Department, it was announced today by Emmett Devine, superintendent.

Charter bus service will be provided through courtesy of the Security Savings and Loan Association, the Bank of America and the Mechanics Bank. The bus is scheduled to leave from the recreation building, 850 Masonic Ave. at 10:30 a.m., returning at approximately 5:15 p.m.

All recreation departments in Alameda County will participate, Devine said. Special program and tour of the fairgrounds has been arranged for children between the ages of 8 and 14 years.

Any boy or girl who wishes to attend is requested to contact playground directors at Terrace Park, Memorial Park or Codornices Playground, from whom they will receive a form that must be signed by parents for permission to attend.

Devine said that since bus space is limited, children will be taken on a first come, first serve basis. Parents are asked to provide their children with box lunches.

**Two Albany Men Named for State Dad's Council**

Other officers include George Simpson, first vice-president; Ed Fisher, second vice-president; Ed Vitation to hold the 1954 convention Day, fourth vice-president; Hal West, fifth vice-president; Harry Harmon, treasurer, and Ray McCormick, administrative secretary.

Some 330 delegates accepted an invitation to hold the 1954 convention in Albany.

**More About State Funds for Schools**

Continued from page one many adults as possible.

The Board voted to adopt a \$1.00 registration fee for adults enrolling in the Summer Session. The same fee, which previously allowed adult students to attend classes for a 6-month period, will cover only the Summer program. This step was taken as a means of helping to finance the program that has been financially curtailed at the State level. No decision was made regarding the amount of the fee for the Fall Quarter.

In other business the Board approved the acceptance of bids covering instructional, athletic and health supplies for the school year. It also renewed fire insurance policies and a pupil medical insurance policy.

**I SAVED \$116.86 ON THE CAR I BOUGHT**

"I made over a 50% down payment on a late-model car. I was told it would cost me \$257.60 to insure the car and finance the balance of \$700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only \$140.74. I saved \$116.86." (One of many actual cases.)

Many People Assume **Finance Rates Are Standard**

**THEY ARE NOT!**

The Bank Plan offers you two proven money-saving methods. Low-cost financing through a security bank and low-cost preferred-risk insurance rates. Get your own figures on the cost of the car you want and COMPARE them with Bank Plan costs. FIRST! Call or see your State Farm agent BEFORE you buy.

*There's only one answer...*

# Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical that since Chevrolet trucks outsell all other trucks, they must do a better job at lower cost? That's why it will pay you to stop and see us before you buy your next truck.
